

EUCAS 2019
GLASGOW

1 – 5 SEPTEMBER 2019

Call for Abstracts

On behalf of the Organizing Committee of EUCAS 2019, it is our pleasure to call for your technical contribution to the conference. Contributions are encouraged covering the whole spectrum of applied superconductivity: from materials to applications, from established LTS materials to prospective HTS materials and from small-size to large scale. All submitted abstracts will be reviewed for scientific content and relevance by the Program Committees.

Online abstract submission is now open and takes place through the conference website www.eucas2019.org. The deadline for abstract submission is **Monday 18 March 2019**. Notifications of acceptance or rejection of the abstract after review by the Program Committee will be communicated to the authors by mid-May 2019.

Publication

EUCAS 2019 will lead to two separate publications for work presented at the conference:

- [Journal of Physics: Conference Series](#) (JPCS), a peer-reviewed, open-access journal from [Institute of Physics Publishing](#) (UK)
- [Special Issue of Superconductor Science and Technology](#) (SUST) which is an international, multidisciplinary journal on all aspects of superconductivity

Only presentations that are presented will be eligible for inclusion. Details on the publications and eligibility are available [here](#).

On behalf of the Organizing and Program Committees, we look forward to welcoming you to Glasgow in 2019.

John Durrell and Robert Hadfield, Conference Co-Chairs
Damian Hampshire, International Program Committee Chair
Yifeng Yang, Large Scale Chair
Susie Speller, Materials Chair
Paul Warburton, Electronics Chair
Ed Romans, Publication Chair
